It does not reflect changes in its market value, which may fluctuate.

REGULATORY INFORMATION

Market Prices/Bond Ratings - Prices for determining market values represent estimates obtained from multiple sources, including Piper Jaffray & Co., its affiliates and outside vendor sources. Pricing estimates may be based upon bids, prices within the bid/ask spread, closing prices or a matrix methodology that uses data relating to other securities whose prices are more ascertainable, producing a hypothetical price based on the estimated yield spread relationship between the securities. Pricing estimates do not constitute a bid for any security. Actual prices realized at sale may be more or less than shown on your statement. Bond ratings are received from outside sources. *(While we believe our sources for security prices and bond ratings to be reliable, we cannot guarantee their accuracy.)*

Loan/Margin Account Clients - If you have a margin account, this is a combined statement of your general account and the Special Memorandum Account maintained for you under Section 220.6 of Regulation T, issued by the Board of Governors of the Federal Reserve System. As required by Regulation T, the permanent record of the separate sub-accounting is available for your inspection.

Callable Securities - In the event of a partial call of corporate or municipal bonds or preferred stock held in bulk by us for you and other securities clients, the securities to be called will automatically be called using a random selection procedure prescribed by the Financial Industry Regulatory Authority (FINRA). The probability that your securities will be selected is proportional to your holdings relative to the total firm holdings.

Free Credit Balances - Under the client protection rules, we are required to disclose to you that we may use free credit balances in your account in the ordinary course of our business and these funds are payable to you on demand.

Securities Account Protection - Piper Jaffray & Co. is a member of the Securities Investor Protection Corporation (SIPC). SIPC protects securities clients of member firms that are in liquidation for up to \$500,000 per account (including up to \$250,000 in cash). Although SIPC was created with the Securities Investor Protection Act of 1970, it is not a government agency or regulatory authority. It is a nonprofit membership corporation funded by its members. To learn more about what the Securities Investor Protection Corporation does, for membership questions, or to obtain a copy of the SIPC brochure, you may call 202 371-8300 or visit the SIPC website at www.sipc.org. Protection through SIPC does not protect against losses in the market value of investments.

Tax Reporting - As required by law, at year-end we will report to you, the Internal Revenue Service and to certain states specific information on sales (including short sales and cost basis, as required), dividends and various types of interest that have been credited to your account. Therefore, your statement should not be used to complete your tax return.

Upon opening, your account is set up with a First In, First Out (FIFO) accounting method for tax lot designation on sales; shares with the oldest purchase date are sold first. If you wish to change your basis election at the account and/or security level, contact your registered representative. You must also notify your registered representative by the settlement date of a sale if you wish to sell a specific tax lot.

Our firm does not provide tax, accounting or legal advice. Please contact your tax or accounting advisor regarding tax deferred plans, tax lot designation and the suitability of tax-exempt investments in your portfolio.

Piper Jaffray & Co. Statement of Financial Condition - You may obtain a copy of our Statement of Financial Condition by visiting our website at www.piperjaffray.com or by requesting a copy be mailed to you free-of-charge by calling us toll free at 866 676-9480.

Any verbal communication should be re-confirmed in writing.
