

Staff Conduct
(And Responsibilities)

All staff members have a responsibility to make themselves familiar with and abide by federal and state laws as these affect their work, and the policies and regulations of the district.

As representatives of the district and role models for students, all staff shall demonstrate and uphold high professional, ethical and moral standards. Staff members shall conduct themselves in a manner that is consistent with the educational mission of the district and shall maintain professional boundaries with students at all times. Interactions between staff members must be based on mutual respect and any disputes will be resolved in a professional manner.

Rules of conduct

Each staff member shall observe rules of conduct established in law which specify that a school employee shall not:

1. Disclose or use confidential information acquired in the course of employment to further substantially the employee's personal financial interests.
2. Accept a gift of substantial value or substantial economic benefit tantamount to a gift of substantial value which would tend to improperly influence a reasonable person in the position to depart from the faithful and impartial discharge of the staff member's duties, or which the staff member knows or should know is primarily for the purpose of a reward for action taken.
3. Engage in a substantial financial transaction for private business purposes with a person whom the staff member supervises.
4. Perform an action which directly and substantially confers an economic benefit tantamount to a gift of substantial value on a business or other undertaking in which the staff member has a substantial financial interest or is engaged as counsel, consultant, representative or agent.

All staff members shall be expected to carry out their assigned responsibilities with conscientious concern.

It shall not be considered a breach of conduct for a staff member to:

1. Use school facilities and equipment to communicate or correspond with constituents, family members or business associates on an occasional basis.
2. Accept or receive a benefit as an indirect consequence of transacting school district business.

Essential to the success of ongoing school operations and the instructional program are the following specific responsibilities which shall be required of all personnel:

1. Faithfulness and promptness in attendance at work.
2. Support and enforcement of policies of the Board and regulations of the school administration in regard to students.

3. Diligence in submitting required reports promptly at the times specified.
4. Care and protection of school property.
5. Concern and attention toward the safety and welfare of students, including the need to ensure that students are appropriately supervised.

Child abuse

All district employees who have reasonable cause to know or suspect that any child is subjected to abuse or to conditions that might result in abuse or neglect must immediately upon receiving such information report such fact in accordance with Board policy and state law.

The superintendent is authorized to conduct an internal investigation or to take any other necessary steps if information is received from a county department of social services or a law enforcement agency that a suspected child abuse perpetrator is a school district employee. Such information shall remain confidential except that the superintendent shall notify the Colorado Department of Education of the child abuse investigation.

Possession of deadly weapons

The provisions of the policy regarding public possession of deadly weapons on school property or in school buildings also shall apply to employees of the district. However, the restrictions shall not apply to employees who are required to carry or use deadly weapons in order to perform their necessary duties and functions.

Felony/misdemeanor convictions

If, subsequent to beginning employment with the district, the district has good cause to believe that any staff member has been convicted of, pled *nolo contendere* to, or received a deferred or suspended sentence for any felony or misdemeanor other than a misdemeanor traffic offense or infraction, the district shall make inquiries to the Department of Education for purposes of screening the employee.

In addition, the district shall require the employee to submit a complete set of fingerprints taken by a qualified law enforcement agency. Fingerprints must be submitted within 20 days after receipt of written notification. The fingerprints shall be forwarded to the Colorado Bureau of Investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing the records of the Colorado Bureau of Investigation and the Federal Bureau of Investigation.

Disciplinary action, which could include dismissal from employment, may be taken against personnel if the results of fingerprint processing provide relevant information. Non-licensed employees shall be terminated if the results of the fingerprint-based criminal history record check disclose a conviction for certain felonies, as provided in law.

Employees shall not be charged fees for processing fingerprints under these circumstances.

Unlawful behavior involving children

The Board may make an inquiry with the Department of Education concerning whether any current employee of the school district has been convicted of, pled *nolo contendere* to, or received a deferred or suspended sentence or deferred prosecution for a felony or misdemeanor crime involving unlawful

sexual behavior or unlawful behavior involving children. Disciplinary action, including termination, may be taken if the inquiry discloses information relevant to the employee's fitness for employment.

Personnel addressing health care treatment for behavior issues

School personnel are prohibited under state law from recommending or requiring the use of psychotropic drugs for students. They are also prohibited from testing or requiring testing for a student's behavior without giving notice to the parent/guardian describing the recommended testing and how any test results will be used and obtaining prior written permission from the student or from the student's parent/guardian. See the Board's policy concerning survey, assessment, analysis or evaluation of students. School personnel are encouraged to discuss concerns about a student's behavior with the parent/guardian and such discussions may include a suggestion that the parent/guardian speak with an appropriate health care professional regarding any behavior concerns school personnel may have.

NOTE 1: State law defines "economic benefit tantamount to a gift of substantial value" to include: 1. A loan at a rate of interest substantially lower than the prevailing commercial rate; 2. Compensation received for private services rendered at a rate substantially exceeding the fair market value; and 3. Goods or services for the district employee's personal benefit offered by a person who is at the same time providing goods or services to the district under a contract or other means by which the person receives payment or other compensation from the district. C.R.S. [24-18-104](#)(2). However, state law permits a district employee to receive such goods or services if the "totality of the circumstances" indicates the transaction is legitimate, the terms are fair to both parties, the transaction is supported by

full and adequate consideration, and the employee does not receive any substantial benefit resulting from the employee's status that is unavailable to members of the public generally. C.R.S. [24-18-104](#)(2)(b).

NOTE 2: State law lists the type of items that are not considered "gifts of substantial value or substantial economic benefit tantamount to a gift of substantial value" and are therefore permissible for a district employee to receive. See, C.R.S. [24-18-104](#)(3). Such items include campaign contributions or contributions in kind that are reported in accordance with the Fair Campaign Practices Act; an unsolicited item of trivial value (i.e. currently less than \$59), "such as a pen, calendar, plant, book, notepad or similar item;" and an unsolicited token or award of appreciation in the form of a plaque, trophy, desk item, wall memento or similar item. Id.; see also, Colo. Const. Art. XXIX, Section 3.

NOTE 3: The amount of the gift limit (\$59) is identical to the gift limit under section 3 of article XXIX of the state constitution. This amount shall be adjusted for inflation contemporaneously with any adjustment to the constitutional gift limit. C.R.S. [24-6-203](#)(8). The state constitution requires an adjustment for inflation every four years. The next adjustment must occur in the first quarter of 2019. Colo. Const. Art. XXIX, Section 3 (6).

NOTE 4: Federal law requires school districts to notify employees fingerprinted pursuant to this policy that the fingerprints will be used to check the criminal history records of the Federal Bureau of Investigation (FBI). Districts must also notify fingerprinted employees about the opportunity to challenge the accuracy of the information contained in the FBI identification record and the procedure to obtain a change, correction or update of an FBI identification record. 28 C.F.R. 50.12(b). Districts must retain documentation that this notification was provided.
