

Dear High School Parents,

It's getting to be that time again... summer is nearing its end, and we're starting to think about school again. We're still in the midst of planning out our year, but we wanted to give you some information you'll need for school shopping.

General supplies

- PLENTY** of pens and pencils
- Highlighters
- Sticky notes
- Markers and/or colored pencils
- Glue
- Gym shoes (to be kept in the gym)
- PE students – gym clothes
- Optional (but recommended) – academic planner/calendar or notebook to use as planner.** If you choose not to purchase this, the school will provide one.

Humanities

- Binder

Math/Science

- 3 – **single subject** spiral-bound notebooks
- Compass
- Protractor
- Ruler
- 8 - pocket folders

It is recommended that college-bound students with math or science ambitions purchase their own graphing calculator. The school will provide graphing calculators for students who do not purchase their own for a fee of \$25.00.

Fieldwork Supplies

Students will be out in the weather and must be prepared for all of Colorado's weather variations. Starting gear should include but not but not be limited to:

- Daypack
- Water bottle
- Hiking boots or good walking shoes
- Rain jacket or Poncho
- Sunglasses
- Sunscreen
- Hat – for warmth and shade
- Light gloves
- Mechanical pencil (hard lead is best)

The school will be providing a planner, humanities journal, and lab journals. As in the past, we'll be charging a supply fee of \$25 to help cover the cost of materials provided for the students.

If you're ready to update your ski/snowboard equipment, don't forget ski swaps taking place in Durango and Telluride, usually the first week in November.

Stay tuned for more information about assessment week and the first week of school. Remember your summer reading! Please give us a call at 387-5544 with any questions.

Sincerely,

Kelly Habecker
Kevin deKay

PS – High school students need to attend registration with their parents! This is a time for the yearly health screenings, and your chance to choose electives – we'll see you there!
