

Exemptions from Required Instruction

If the religious belief and teachings of a student or parent/guardian are contrary to the content of a school subject or to any part of a school activity, the student may be exempt from participation. To receive such an exemption, the parent/guardian must present a written request for exemption to the school principal, stating the conflict involved. Requests for exemption regarding some or all of the district's curriculum concerning human sexuality shall be in accordance with the Board's policy on health and family life/sex education.

If a student is unable to participate in a physical education class, the student must present to the school principal a statement from a physician stating the reason for the inability to participate.

Exemptions from required instruction do not excuse a student from the total semester hours required for graduation.
