

Position: Middle School/High School Math Teacher

Job Overview: We are seeking a passionate and dedicated Middle School/High School Math Teacher to join our team. The ideal candidate will inspire and engage students, foster a love for mathematics, and help them build the skills and confidence needed to succeed. This position involves teaching math subjects across middle and high school levels, collaborating with colleagues, and ensuring a positive and supportive learning environment.

About our School: The Silverton School is a small public school located in Silverton, Colorado, in the heart of the San Juan mountain range. The school has approximately 75 students in grades K-12 and is housed in an historic 3 story red brick building. Our school is unique in its very setting and its high emphasis on individualized instruction. Our goal is to meet the individual learning needs of every student through a curriculum that is both engaging and academically challenging. We work to develop confident, competent students who consistently strive for excellence.

Key Responsibilities:

- Develop and implement engaging and effective lesson plans using Eureka Math 2 and aligned with state and district standards.
- Teach a range of math courses, such as Pre-Algebra, Algebra I & II, Geometry, Trigonometry, and Pre-Calculus.
- Differentiate instruction to meet the diverse needs of learners, including advanced students and those needing additional support.
- Assess student progress through formative and summative assessments and provide timely feedback to students and parents.
- Incorporate technology and interactive resources to enhance the learning experience.
- Foster a classroom environment that encourages critical thinking, problem-solving, and collaboration.
- Participate in team meetings, professional development, and school-wide activities.
- Communicate effectively with students, parents, and colleagues to support student success.

Required Qualifications:

- Bachelor's degree in Mathematics, Education, or a related field
- Valid Colorado teaching license in Secondary Mathematics or the ability to obtain certification.

- Proven experience teaching middle or high school mathematics is preferred but not required for strong candidates.
- Strong knowledge of math concepts and teaching methodologies.
- Excellent communication, organizational, and interpersonal skills.
- Ability to create a positive and inclusive learning environment.

Preferred Qualifications

- Commitment to fostering academic growth and enthusiasm for learning.
- Ability to collaborate with a team and adapt to a dynamic educational environment.
- Willingness to support extracurricular activities or school events, if needed.

Benefits:

- Competitive salary based on experience, qualifications, and the district's salary schedule.
- Comprehensive health, dental, and vision insurance.
- Professional development opportunities.
- Supportive and collaborative work environment.
- Opportunities for growth within the school and district.

Application Process: Interested candidates are encouraged to submit the following to Elizabeth Barszcz - ebarszcz@silvertonschool.org:

- A cover letter detailing your passion for teaching mathematics and your educational philosophy.
- A current resume highlighting relevant experience and qualifications.
- Three professional references with contact information.

The application deadline is February 28, 2025, or until the position is filled.

We are committed to creating a diverse and inclusive workplace and welcome applications from all qualified candidates. Join our team and make a meaningful impact on the lives of our students!
